WEVER & DUCRÉ
LIGHTING

FROM BELGIUM WITH LOVE

Delicious waffles and chocolate prepared with love – that's what Belgium is famous for, right? Not exactly. For a while now, Belgium also stands for trendy lights that not only look great, but also have compelling inner values. State-of-the-art LEDs that feel equally at home in a cosy attic apartment or in the hippest club in the city. Because they save space, preserve resources, and offer a greater quality of life. And that is exactly what we at Wever & Ducré want. Where do we get our inspiration? From people like you who share our passion for beautiful things and who attach just as much importance to appealing design as to high-quality construction. Sounds good?

Then keep reading. The newest highlights are waiting for you.
