

INDOOR OUTDOOR Lighting Solutions

The Company

Cenit Inc. was established in 1992 and began as a lighting distributor, representing prestigious global brands from Europe and the USA to offer a full range of indoor and outdoor lighting solutions for commercial, institutional, residential, infrastructure, public spaces, and other applications for the Philippine market.

The Cenit team regularly undergoes extensive product training to develop the expertise to provide customers safe, reliable, energy efficient, and cost-effective solutions that meet project and budget requirements while fulfilling the project's vision and goals.

Today, the company is expanding its product and solutions portfolio and introducing innovative new products to serve its customers better.

Special Application

TASK Acoustic

A combined light and acoustic solution for highly effective sound absorption and shielding in the frequency range relevant to speech. The acoustic room elements are made of thermoformed, self-supporting PET felt, in four colour options, and have a high quality visual and tactile appeal.
