

EUREKA

MADE IN USA

Acoustic + Lighting

Eureka provides lighting specifiers with the power to re-imagine space and enhance the lives of end users by creating best-in-class specification-grade decorative lighting.

Soft. Colorful. Quiet.

SOUND DAMPENING

The lateral panels reduce reverberated noise and control the echo of background sounds.

MUTE

MILL

NODE

CEILING/ SUSPENDED

MUTE

Twelve felt acoustic panels. Soft, colorful and sound absorbing downlight pendant surrounding a custom LED light.

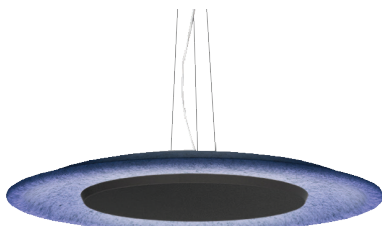

Color Temp.: 2700K
Voltage: 120V
Cable Length: 60" Aircraft Cable

MILL

Fifteen overlapping felt blades create a cylindrical shape which traps and absorbs sound within the luminaire hollow column.

Color Temp.: 2700K
Voltage: 120V
Cable Length: 60" Aircraft Cable

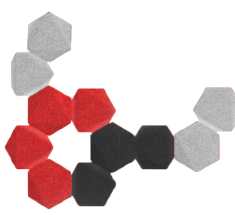

OSLO

The acoustical PET felt shape reminds the effects of rippling water, giving a nicely toned atmosphere to interior spaces.

Color Temp.: 2700K
Voltage: 120V
Cable Length: 60" Aircraft Cable

CEILING/ WALL

NODE

Warmly diffused soft felt hexagonal shapes to add a large unique ambient lighting pattern and inspiration to your space.

Color Temp.: 3000K/3500K/5000K
Voltage: 120V/277V

MATRIX

Sound absorbing mural system allows the creation of a colorful mosaic, punctuated with OLED light sources.

Color Temp.: 3000K/3500K/5000K
Voltage: 120V/277V

Available in range of color temperatures, colors, and sizes
