Cenit

Illuminating Ways of Living

Cenit was established in 1992 and began as a lighting distributor, representing prestigious global brands from Europe and the USA to offer a full range of outdoor and indoor lighting solutions for commercial, institutional, residential, infrastructure, public spaces, and other applications for the Philippine market.

The Cenit team regularly undergoes extensive product training to develop the expertise to provide customers safe, reliable, energy efficient, and cost-effective solutions that meet project and budget requirements while fulfilling the project's vision and goals.

Cenit provides customer services covering technical consultation, basic lighting calculation, product installation assistance and maintenance service support.

Today, the company is expanding its product and solutions portfolio and introducing innovative new products to serve its customers better.

HYDROTAP TOUCH-FREE WAVE
Sensor Technology for Handsfree

Zip HydroTap Touch-Free Wave Boiling, Chilled, Sparkling, Filtered water uses smart infrared 100% touch-free operation that is activated with the Wave of a hand.

FILTERED BOILING FILTERED CHILLED FILTERED SPARKLING

HYDROTAP CLASSIC PLUS
Touch-pad Classic Plus

Zip HydroTap Classic Plus Boiling, Chilled, Sparkling, Filtered water features simple, intuitive controls including continuous flow to fill bottles, Boiling water safety lock, and SteriTouch® antimicrobial protection impregnated within the new Classic Plus touch-pad for enhanced hygiene.

FILTERED BOILING FILTERED CHILLED FILTERED SPARKLING

ZIP MICRO
Intuitive Twist Activation

Zip Micro is our smallest system, designed to fit under almost any bench, but still delivers perfectly boiling and chilled water at your fingertips. Zip Micro is perfect for small workplaces with up to 10 people.

FILTERED BOILING FILTERED CHILLED

HYDROBOIL PLUS
On Wall Boiling Water

Our most technologically advanced model, the HydroBoil Plus is designed to cut energy consumption. State-of-the-art technology maintains boiling water to within 0.5°C of set temperature. In addition HydroBoil Plus features energy-saving Power-Pulse™ technology, inactivity and low-light sleep modes, along with timer settings for ease of use and efficiency.

Zip®Care

We offer a comprehensive service plan to ensure that your business is back up and running quickly. Our services are tailored to meet your needs.

Why choose ZipCare? The ZipCare Program offers:

- Filter Change Service
- Annual Sanitation
- Annual Check Up Service
- Quarterly Preventive Maintenance Visit
- Standard Water Test
- Assistance for Repair and Replacement as needed
- Others

KALIX
Sensor Activated Water Dispenser

Kalix Contactless Water Dispenser uses advanced infrared sensors for automatic water dispense activation which also eliminates any concerns of cross-contamination from pathogens and viruses. Ideal for Offices, Hotels, Hospitals, Convention Centers, Manufacturing plants, and Residential use.

AQUA POINTE
Sensor Activated Bottle Filler

Aqua Pointe delivers ambient drinking water. This surface mounted bottle filler includes an electronic sensor for a contactless activation. The Bottle Counter conveniently displays the number of times the unit has been used, encouraging the refill of sports bottles. Ideal to complement drinking fountains of schools, gyms, airports and other public areas for people who bring their own personal water bottles.

ULTRA BLUv
Smart UV Water Sterilizer

ULTRA BLUv utilizes the most advanced UV technology. Eliminating 99.9% of bacteria & viruses in water. It is the industry's most compact, energy efficient and intelligent UV sterilizer. ULTRA BLUv can be easily installed to upgrade your Point-of-Use dispensing system or filtration system.

DEHUMIDIFIER
Evolution D165

The classic-evolution dehumidifier range has withstood the test of time with its timeless design and engineering as the world's first electric dehumidifier. Each cabinet is built with long-lasting laminated steel, equipped with an efficient refrigeration system that features an automatic humidistat control and an auto-defrost system.

KALIX

DEHUMIDIFIER

ROSETTA
SOLAR Bollard

SOLAR lantern in classic style with motion sensor and replaceable battery. Provided with TÜV-CB certified, Kelvin settable LED solar module, adjustable in three different working mode. Made of shockproof resin material, UV-rays stabilized, rust and corrosion-free.

FIORINA
SOLAR Bollard

TUV-CB certified SOLAR wall lamp with motion sensor and replaceable battery. Solar module provided with switch to select the desired Kelvin temperature (3000K – 4000K – 6500K) and working mode (Summer-Rainy). Made of shockproof resin material, UV-rays stabilized, rust and corrosion-free.

KARMEL 3000 / NOEMI
System Brackets and Post

Classic style E27 hexagonal lantern, made of shockproof resin, UV stabilized, resistant to rust and corrosion. Suitable for post top, hanging and wall installation. Provided with high temperature resistant ceiling suitable for ballast fixation. Insulation class II, protection rating IP55.

EKTOR 3000 / REMO 500 LED
System Brackets and Post

Modern luminaries made of shockproof resin material, UV-rays stabilized, rust and corrosion-free. Suitable for post top or wall installation. Equipped with TÜV approved, long-life and efficient GX53 LED modular system in different wattages.

FIORINA

NOEMI

ATBS SERIES
LED Roadway

The Autobahn ATBS cobra head uses breakthrough LEDs and precision-engineered optics to provide exceptional LED roadway lighting while also saving energy. Plus, it works seamlessly with the Acuity Brands control systems to maximize energy and maintenance savings through enhanced monitoring and control functions.

ATBM SERIES
LED Roadway

The Autobahn ATBM cobra head uses breakthrough LEDs and precision-engineered optics to provide exceptional LED roadway lighting while also saving 60% energy over HID alternatives.

ATB0 SERIES
LED Roadway

Breakthrough LED technology and precision-engineered optics in the ATB0 cobra head provide exceptional LED roadway lighting while also saving energy. Best-in-class surge protection and efficacy (lpw).

ATB2 SERIES
LED Roadway

ATB2 cobra head provide exceptional LED roadway lighting while also saving energy. Works seamlessly with the Acuity Brands control systems to maximize energy and maintenance savings through enhanced monitoring and control functions.

ATB0

FOCUS + ZERO
LED Floodlight

Extra-clear, toughened, flat glass diffuser, silk-screened on the inside. Waterproof cable gland M16x1.5 for cables Ø 5- Ø 10 mm. Driver On Board 220-240V 50/60Hz LED module protected against surges up to 500V.

INSERT + 1
LED Recessed Wall

Anti-ageing custom moulded silicone sealing gaskets. IP-rated external socket-plug fast connector (QUICK), complete with factory pre-wired cable. Electrical connector for cables Ø 7 - Ø 12 mm.

HEDO+
LED Street Light

Coated die-cast aluminium pole-top adaptor for pole Ø 60 / 76 mm. Anti-ageing custom moulded silicone sealing gasket(s) with resilient elastic return capacity. The IP66-rated socket-plug fast connector for mains connection without opening the luminaire.

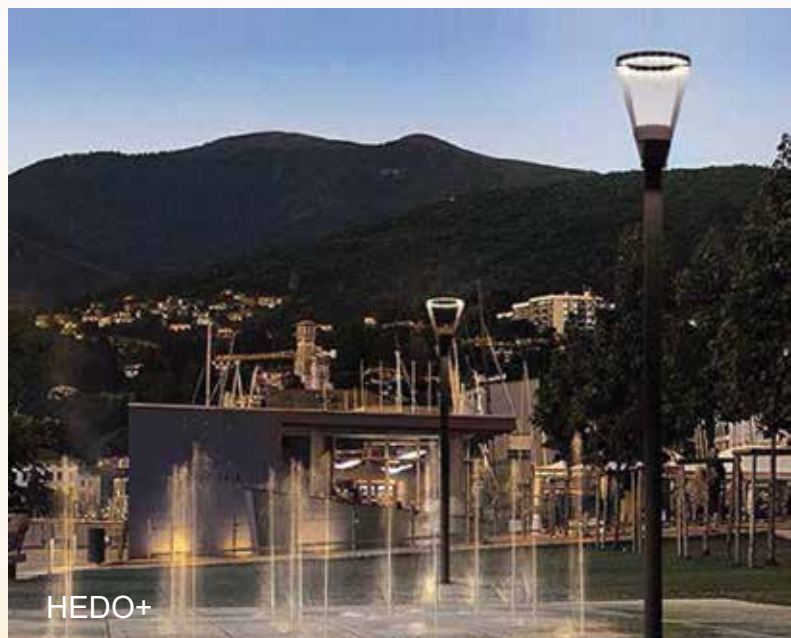

THEOS GLASS
LED Street Light

Die-cast aluminium housing, polyester powder coat finish ISO 9227/12944 - ISO 9223 (C5). Coated die-cast aluminium captive trim, hinged to the housing. Coated die-cast aluminium pole-top adaptor for pole Ø 60 / 76 mm High-transparency polycarbonate optics.

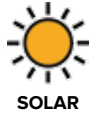

FOCUS + ZERO

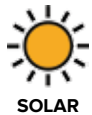

HEDO+

SOLAR

VIDO SOLAR
SOLAR Bollard

2 Watt solar panel. Silicon rubber gasket. Work time: 100% of light 2.5-3H, 15% of light 20-25H. 6-8H Charging time. Body and bracket in die-cast aluminium.

COLLIMATOR Mini / Maxi
Spike Light

30° Beam Angle/4.5W, Body and bracket in die-cast aluminium. Powder coated with pretreatment for outdoor use " Clear glass. Silicon rubber gasket.

SOLAR

HELIOSPOT
Ground Luminaire

Heliospot is a portable solar powered floor or ground spotlight that you can carry around and place in outdoor garden. Solar LED ground/floor luminaire, direct light, medium beam, with twilight sensor.

UP MAXI
LED Inground Luminaire

UP Maxi inground LED lighting fixture powered by 12 or 24Volts DC only. Ideal for pool decks, patios, gardens, pathways, building entrances and other in-ground application.

VIDO SOLAR

UP MAXI

NAUTILUS
Submerged Lights

Nautilus has an understated design featuring a precision electro-polished AISI 316 steel frame, which is flat for structures covered in tiles or mosaics, or rounded for structures with a waterproofing cover or sheet.

RODIX
Submerged Lights

Single emission submerged for outdoor application. The natural white LED light source with a spot light distribution is composed of 6 powerled LEDs with CCT of 4000 K and a CRI 80; the source luminous flux is 1818 lm, with a 129.9 lm/W nominal luminous efficacy.

MUTE
Ceiling Suspended

Mute is soft, colorful and sound absorbing large format downlight pendant is composed of twelve felt-like acoustic panels surrounding a custom LED light source with a wide planar diffuser. Custom LED light engine supplied with a standard dimming driver (0-10V or phase).

OSLO
Ceiling Suspended

Warm and delicate, this large pendant features direct uplight and indirect downlight giving a nicely toned atmosphere to interior spaces. Made out of molded recycled acoustical PET felt, the shape reminds the effects of rippling water.

NAUTILUS

MUTE

BLT SERIES
LED Center Basket Troffers

The BLT Series by Lithonia Lighting® is what you've come to expect from the leader in lighting. With its endless options and configurations, BLT provides the versatility you need at a value that can't be beat.

CPX™ SERIES
LED Flat Panels Troffers

CPX™ is the perfect choice for a quality LED panel at an affordable price. The smooth, even lens projects a crisp and clean aesthetic. CPX is the perfect choice for budget-conscious schools, commercial office, and retail footprint projects.

JEBL SERIES
LED Round High Bay

Maintaining exceptional light levels even at high ambient temperatures and able to withstand moisture, dust and airborne contaminants. JEBL is durable, easy to install, can be used in multiple applications and saves you time and money.

CSVT™ SERIES
LED Linear Vapor Tight Lighting

CSVT™ is built on the technological framework of the CSS, providing greater customization and performance for everyday spaces. And with the ability to switch lumens and adjust color temperature in one fixture, the CSVT can easily be adapted to the needs of each project.

CONTROLS & ACCESSORIES

sensorswitch U.S.A.

Sensor Switch solutions are a leader in lighting control innovation, offering a broad selection of standalone to fully networked controls to meet every application need. With the combination of sound- and heat-sensing technology, occupancy within a room can be detected with great precision in any area where network-controlled lights are installed.

WSX Wall Sensor Switches

Soft-click buttons and small motion detection up to 20 feet (6.10 m), making them ideal for private offices, private restrooms, closets, copy rooms or any other small enclosed space.

SPODMRD 0-10 Dimming Switch

The push-button Dimming Switchpod Series of wall stations provide simple and cost effective solutions for commercial and residential lighting applications.

CM Ceiling Mounted Sensors

Ceiling mount sensors are offered in a multitude of configurations which address many applications. Lens options include large motion extended range, small motion standard range and bi-directional for hallways.
