Cenit

Better Ways of Living

Established in 1992, Cenit today is a distributor of advanced lighting and hydration solutions, serving a broad spectrum of sectors including commercial, infrastructure, industrial, residential, and public works throughout the Philippines.

Cenit offers a full suite of solutions that combines quality products with comprehensive technical services aligned towards energy efficiency and sustainability.

Experience the Cenit difference—where innovation, quality, and client satisfaction come together to illuminate a brighter, more sustainable future for all.

Our Expertise & Services

We understand that the journey doesn't end with the purchase, which is why we have a technical team also committed to providing maintenance and service support.

Lighting Calculation

We provide basic lighting calculations considering your specific needs to create functional, safe and aesthetically pleasing spaces.

Technical Support

We guide you through the process: advising on color temperature, energy consumption and efficiency, as well as long-term care.

Product Installation

Our technicians conduct site inspections and installation oversight to ensure your product is installed correctly. This guarantees optimal performance, minimal maintenance, and long-term reliability.

Service Maintenance

We offer extensive service maintenance for your water dispensers to ensure your system operates at peak efficiency for a very long time.

Dimension: **603 x 279 x 190** LxWxH (mm)

ATB0 SERIES
LED Roadway

Lumens: **11800lm**
Wattage: **104W**
Voltage/Hz: **120-277V 60Hz**
Color Temp: **5000K**

CRI: **70**
IP rating: **IP66**
Dimension: **686 x 203 x 164** LxWxH (mm)

PERFORMANCE iN LIGHTING

Performance iN Lighting delivers high-quality luminaires for sports, landscape, and architectural spaces. Their products blend Italian engineering with environmental certifications like ISO 14001 and RoHS compliance. With a global footprint, they're trusted for projects that demand performance, efficiency, and style.

KREOS
LED Street Light

Lumens: **7900lm**
Wattage: **63W**
Voltage/Hz: **220-240V 60Hz**
Color Temp: **3000K**

CRI: **70**
IP rating: **IP66**
Dimension: **536 x 300 x 300** LxWxH (mm)

HEDO+
LED Street Light

Lumens: **3700lm**
Wattage: **42W**
Voltage/Hz: **220-240V 60Hz**
Color Temp: **3000K**

CRI: **80**
IP rating: **IP66**
Dimension: **330 x 475** ØxH (mm)

THEOS GLASS
LED Street Light

Lumens: **15400lm**
Wattage: **103W**
Voltage/Hz: **220-240V 60Hz**
Color Temp: **4000K**

CRI: **70**
IP rating: **IP66**
Dimension: **696 x 315 x 193** LxWxH (mm)

briteTECH

BriteTech highlights our focus on technological innovation by providing a comprehensive range of lighting solutions, including solar street lighting, urban lighting, LED high bay lighting, sports lighting, and park lighting.

BERLIN
LED Solar Streetlight

Lumens: **8000lm**
Wattage: **40W**
Solar Panel: **18V, 60W**
Color Temp: **5700K**

CRI: **70**
IP rating: **IP65**
Dimension: **1080 x 366 x 106** LxWxH (mm)

RAFAEL
LED Solar Post Top

Lumens: **5100lm**
Wattage: **35W**
Solar Panel: **18V**
Color Temp: **3000K**

CRI: **70**
IP rating: **IP65**
Dimension: **570 x 370 x 180** LxWxH (mm)

BERLIN_U
LED Urban Lighting

Lumens: **17300lm**
Wattage: **147W**
Voltage/Hz: **120-277V 60Hz**
Color Temp: **5000K**

CRI: **70**
IP rating: **IP65**
Dimension: **612 x 330 x 88** LxWxH (mm)

Original, 100% Italian-made lighting suitable for a wide variety of outdoor applications with interchangeable parts for different possible combinations. Double insulated for safety and protection as well as UV-ray stabilized for protection against UV rays, these are also anti-corrosion and suitable even for seaside applications.

LIGHTING CONTROLS

sensorswitch
U.S.A.

A leader in intelligent lighting control, Sensor Switch offers advanced occupancy and daylight sensors that boost energy savings and comfort in buildings. Their solutions meet energy codes like ASHRAE and Title 24, and are easy to integrate into new or existing systems.

PP20 Power Pack

+

Can Supply up to 14 (Fourteen) low voltage occupancy sensors up to 20A

Stand Alone Lighting Controls

SensorSwitch offers energy saving wired and wireless lighting controls designed to be easy to use and install, for new or retrofit installations to control lighting and ventillation equipments.

nLIGHT
An Acuity Brands Company

nLight is a scalable, networked lighting control system that connects lights, sensors, and devices into one smart platform. Designed for flexibility and ease of use, nLight helps buildings achieve energy efficiency and code compliance that supports LEED, WELL, and other green certifications.

Wired Power Pack nPP16

+

nLight Wired is a CAT 5e, low voltage-based solution that works by establishing a proprietary digital communication network between connected devices.

Network Lighting Systems

nLight® is your network lighting controls system with wired or wireless options that is easy to install and use to control indoor and outdoor spaces seamlessly.

ALSO AVAILABLE WITH:

Sensor View (Advanced Lighting Configuration)

Browser-based application that gives authorized users the ability to remotely configure and monitor both wired and wireless networked luminaires and controlled devices.

![Cenit Water logo]

Zip Water is a global pioneer in advanced drinking water systems, trusted in homes, offices, and commercial spaces. Their HydroTap range delivers instant boiling, chilled, and sparkling water with unmatched safety and design. Backed by over 75 years of innovation, Zip sets the standard for quality and reliability in modern hydration worldwide.

FILTERED BOILING   **FILTERED CHILLED**   **FILTERED SPARKLING**

HYDROTAP Touch-Free Wave
Sensor Technology for Handsfree

Smart infrared 100% touch-free operation that is activated with the wave of a hand.

ambient

AQUA POINTE
Sensor Activated Bottle Filler

Surface mounted bottle filler delivers ambient drinking water with an electronic sensor for a contactless activation.

Ideal for schools, gyms, airports and other public areas for people who bring their own personal water bottles.

cold | hot | ambient

LUXE UNDERBENCH
Faucet + Underbench Water Dispenser

Luxe Underbench, is the premier faucet and underbench unit designed to enhance your lifestyle. Perfectly crafted for homeowners, this innovative system offers unparalleled convenience and versatitility.

Ideal for homes, small offices & hotel rooms.

ELIMINATES 99.9% WATER BACTERIA

ULTRA BLUv
Smart UV Water Sterilizer

The industry's most compact, energy efficient and intelligent UV sterilizer. ULTRA BLUv can be easily installed to upgrade your Point-of-Use dispensing system or filtration system.

Compatible with your regular appliances, coffee machines, water filtration systems, refrigerators with water ice dispenser and others.

blupura
ALWAYS COOLER

Blupura is the Italian leader for cutting-edge, eco-conscious water dispensing technology. Its chilled and sparkling systems use natural refrigerants and are ideal for hospitality venues seeking sustainability without compromising style. Trusted worldwide, Blupura is known for its quality materials, sleek aesthetics, and reliable operation.

cold | hot | ambient

Ideal for:

HO Hotel | RE Restaurant | CA Café

BLUSODA
Countertop

With its functional design, Blusoda delivers great performance in a small space: it can dispense cold still water, cold sparkling water, at-room temperature and hot water up to 85°C (Hot version) for the preparation of infusions and teas.

cold | hot | ambient

Ideal for:

HO Hotel | RE Restaurant | CA Café

BLUGLASS TOWER
Tap

The perfect choice for compact spaces, without compromising on design & the performance of a professional tap design.

BROAN U.S.A.

Broan is a trusted American brand in ventilation, known for improving indoor air quality in homes and commercial spaces. Their exhaust fans and ventilators are engineered for quiet energy-efficient performance in kitchens, bathrooms, cafés, and offices. With nearly 90 years of expertise, Broan stands for health, comfort, and dependable airflow.

KINGLAN FAN
Ceiling Cassette Exhaust Fan

Model: **FA-A013PH / FA-A016PH / FA-C020PH**
Capacity (CMH): **130 / 160 / 200**
Wattage: **22W / 26W / 40W**
Decibels: **35 / 39 / 42**
Voltage/Frequency/Phase: **230V/60Hz/single phase**

Ideal for residential bathrooms.

MELAN FAN
Ceiling Cassette Exhaust Fan

Model: **FC-A040PH**
Capacity (CMH): **400**
Wattage: **51W**
Decibels: **45**
Voltage/Frequency/Phase: **230V/60Hz/single phase**

Ideal for public bathrooms.

PREMIUM FAN
Ceiling Cassette Exhaust Fan

Model: **FE-D055B / FE-E080B**
Capacity (CMH): **530 / 750**
Wattage: **60W / 120W**
Decibels: **46 / 49**
Voltage/Frequency/Phase: **230V/60Hz/single phase**

Ideal for offices & restaurants.

SOLAR-POWERED ATTIC
Ventilator

Model: **GA-A065**
Capacity (CMH): **650**
Wattage: **22W**
Decibels: **50**
Voltage: **16**

Ideal for residential attic areas.

DUCTLESS FAN
Ventilator

Model: **GA-A065**
Capacity (CMH): **210**
Wattage: **48W**
Decibels: **49**
Voltage/Frequency: **230V/60Hz**

Ideal for offices & hospitals.

SUPER-ENERGY SAVING DUCT
Ventilator

Model: **DB-AO16B / DB-BO33B**
Capacity (CMH): **180 / 170**
Wattage: **13W / 24W**
Decibels: **21 / 25**
Voltage/Frequency: **230V/60Hz**

Ideal for restaurants & cafes.

OASIS

DEHUMIDIFIER
Evolution D165

The classic-evolution dehumidifier range has withstood the test of time with its timeless design and engineering as the world's first electric dehumidifier.

Ideal for hospitals, data centers, libraries & museums, art galleries, household & offices.

World's 1st Electric Dehumidifier

DEHUMIDIFIER WITH R290

- Has low energy and economic impact
- Provides high power at a low price
- Is widely present in nature and is neither harmful or toxic.
